

List of ADI and ARfD values of pesticides (incl. shipment value in Japan)

Please refer to the footnote about several marks in the table (×, ■, ▼, □, ✚, ¶, ⊔).

These data are based on the situation in May 2010. Since the data have often changed, and are not perfectly picked up, please don't use these officially.

Common name	Japan			ADI (mg/kg/day)				ARfD (mg/kg/day)				
	Registered *1	Positive List *2	Shipment value (Mio US\$) *3	Japan	WHO (JMPR)	EC (Germany) *5	US EPA	Japan	Germany	WHO (JMPR)	Australia	US EPA
Glyphosate	○	○	220	0.75	1	0.3	2		□	□
